G.O. No. 1400

DATED the 11th October 1933

[Despatch Abstract.]

Subsidy - Taluk Board - Madras - Elementary Schools at Brahmapuram - Building Orders passed

R.C.C.No.2001-B/33, dated 26th Septr. 1933. 28-9-33.

****

Subject :- Subsidy - Buildings - Taluk Board - Udipi
Construction of a building for the Board Boys' school, Brahmavar.

Reference :- Letter from the President, Taluk Board, Udipi R.C.C.No.434/32, dated 29th June 1933.

S u b m i t t e d.

2. The Board Elementary School, Brahmavar is a Lower Elementary school with standards 1 to 5 and with a strength of 122 as detailed in the margin. The school is now held in a building which belongs to the Taluk Board. The present accommodation consists of a hall measuring 42'.6" x 16' and can accommodate about 70 pupils. Since it is obviously inadequate the Board proposes to construct a building at a cost of Rs.3,500/- on a site about 100 yards from the present building. The extent of the site is about 2 acres, 40 cents. The building to be constructed will consist of a hall 60' x 18' and can accommodate 150 pupils. Provision has been made in the estimates also for two small rooms each measuring 10' x 6½' to be used as Teachers' Room and Store-Room. If and when the new building for the Boys' School is ready for occupation the intention of the Board is to transfer the Board Girls' School in the locality (now held in the District Board Chatram) to the present Boys' School building.

Standard	1	.. 49
"	2	.. 28
"	3	.. 20
"	4	.. 16
"	5	.. 9
		122

3. There is a complete aided Higher Elementary School at Brahmavar in which boys and girls are at present reading in all the standards. It is held in a building which has 225 school-places whereas the present strength is only 159. Thus about 70 more pupils can be provided for in the school. The number of pupils in Standards 4 and 5 of the Board Boys' School not being large the school may be - reduced to the status of a junior school. In this event the strength would be 97 as against an average - attendance of 75. The present Board building can accommodate this number and I am, therefore, unable to support the scheme.

4. The President, Taluk Board, may be advised to consider the desirability of (1) abolishing Standards 4 and 5 of the Boys' school and (2) of amalgamating the Boys' and Girls' Schools at Brahmavar.

5. It is observed that the present staff is inadequate for the strength of the boys' school while in the girls' school owing to the unsatisfactory distribution of strength there is plural class-teaching The President, Taluk Board may be advised to take steps to rectify the defects.

District Board, South Kanara.

~~Building~~ - ~~Elementary school~~

I have the honour to submit herewith a copy of resolution No. 114/30-5-1933 of the Taluk Board and to state as follows : -

2. My Taluk Board proposed to construct a building for the Board Elementary school at Brahmawar with the help of the local people and Government grant together. With this view, the Sarvajanika Sangha of Brahmawar was approached for help and the Sangha or the Society as it is called, has willingly given consent

in writing to contribute towards the cost of the work, provided the work is entrusted to it.

3. The work is estimated by the Engineering department at Rs 3500/-. The estimate together with its enclosures have been received by me from the District Board Engineer, South Kanara.

4. The Taluk Board is at present, unable to meet half the expenditure of the work. I therefore -- request that the Government may be pleased to sanction the above grant as per G.O.No. 1046 L&E., dated 29-7-32. Sanction of the Government is also solicited to entrust the work to the Society without invitation of tenders. The particulars required to be furnished as per G.O.No. 3132 L&M., dated 8-8-1932 are furnished in the annexure.

5. The local people are now keen about the construction of the building and the Board intends to complete the work by taking this best opportunity. I therefore request that the Government may be pleased to issue orders sanctioning the necessary grants at a very early date, so that the building may be got constructed by this year.

I have the honour to be,

Sir

our most obedient servant,

Appendix I.

Form of application from local bodies for grants for Elementary school ~~and Medical~~ buildings, ~~(water supply and drainage in urban and rural areas and roads and bridges including village roads and other works)~~ executed by them.

New works.

1.	Name of the Local body ..	Udipi Taluk Board.
2.	Name of the work ..	Constructing a building for the Brahmawa Board Elementary school.
3.	Total estimated cost of the work ..	Rs 3500/-.
4.	Government share of the cost according to any general or special orders that may be applicable to the case.	Rs 1750/-
5.	Whether detailed plans and estimates for the work have been accorded technical sanction by the competent authority? (Works for which such sanction has not been accorded at the time of submission of this application should not be included).	Sanction has been applied for.
6.	Has the site been selected and, if so, whether it is already at the disposal of the local body?	Yes.
7.	If not, is land acquisition necessary and if so, what is the estimated cost of acquisition and the Government's share of it?	No.
8.	What steps, in detail, have been taken to secure acquisition by Revenue authorities and by what date is it anticipated that the land would be placed at the disposal of the local body? (Note :- This should be ascertained with the Revenue authorities concerned. When land has to be acquired, the budget provision for grant in the first year should be restricted to the Government's shareof the cost of land.)	Does not arise.
9.	Can the local body give an assurance that it has funds of its own available for land acquisition or for immediate expenditure on the work in the event of Government sanctioning a grant for either purpose?	
10.	In the case of applications for grants for Medical buildings is the local body willing to meet one half of the cost of the works from its own funds?	
11.	Having regard to particulars	

under items 7 to 9, what is the total amount inclusive of Government grant which the local body expects to spend ~~on land acquisition of~~ on actual construction within the financial year for which budget provision is to be made?	Rs 3500/-
11. What is the Government share of item 10 and what is the amount of grant likely to be drawn within the year?	Rs 1750/-
12. What will be the probable total expenditure and Government grant in each of the susequent years until the work is completed? (Reasons should be given for the anticipation in regard to expenditure in each year until completion of the work).	Does not arise.
~~13~~ (Note:- It is essential that the estimates under items 10 to 12 should be prepared intelligently and carefully examined with reference to the nature of the work and and other conditions affecting or likely to affect the rate of progress.	
13. How the balance of the cost will be met.

ORDER.

No 900, dated 11/10/33 19

Ms.

para 3, pref

The D.P.I. reports that there is a complete aided higher elementary school at Brahmavar which contains accommodation for more pupils than its present strength that as the number of pupils in standards 4 and 5 of the Board Boys' school is not large, the Board's school can be reduced to the status of a junior school and that the accommodation in the present building will be sufficient for the junior school. The Government are, therefore, unable to consider the question of sanctioning a subsidy towards the cost of constructing a building for the Board boys' school at Brahmavar. The desirability of abolishin standards 4 and 5 of the boys' school and of amalgamating the boys' and girls' schools at Brahmavar is commended to the Taluk Board for consideration.

2. It is also reported that the present staff is inadequate for the strength of the boys' school while owing to the unsatisfactory distribution of strength, there is plural class teaching in the girls' school. The President is requested to take steps to remedy these defects.
